Any other suggestions/ observations, if any- *NO comments. The training programme was very good. Programme was well planned. The hospitality was fantastic. Though sometimes, the ~~class~~ session was very very technical, the handson ^{alleviated} alleviated the problem. So overall, the programme was very good.*

Any other suggestions/ observations, if any-

The workshop was well designed covering basic mathematical foundation, its intuition and then application. I would suggest to include a basic course in optimization as there was lot of overlap. I would also suggest to include a session where participants can give presentation and get feedback.

Any other suggestions/ observations, if any-

- Really appreciable efforts by GOI to inculcate research aptitude amongst students.
- Frequency and domain of such training programs should be expanded.
