Use overleaf.

Dr. Ghazala Anjum

(Name of the Participant)

Assistant Professor

Dept of Physics

IIT Srirangar

feedbacks of STUTI Program being conducted  
by Department of Physics, NIT Srinagar

STUTI is a good initiative taken by Govt/Authorities  
to train the faculty member/students.

- ① The Course content is very engaging especially the one dealing with handling of sophisticated instruments which provided a come back platform for research like me.
- ② Secondly the lecture from different resource persons were really interesting.
- ③ Hospitality provided by the organizer was really commendable.
- ④ Last but not least the key behind organizing such program is to motivate, orient and provide platform for collaborative work. I think more or less, it is successful in achieving that target. At last

#### \* Suggestion:

If possible NIT, being the central sit of learning in this part of region, should create a facility to arrange research in teacher from neighboring institute in the form of internship program for 1 or 2 month as we have in IISc or JNCASR. Do. Chakrabarty  
SP Valley

*Interdisciplinary Training programmes are need of the hour as they bring together scholars from different streams together for interchange of idea and innovation. Conducting such training programmes upgrade the knowledge and skill of the participants. But in order to make it more interesting and innovative, the topics selected need to be ~~varied~~ varied and multidisciplinary so as to update all the participants regarding the happenings in their fields also.*
