

DST- STUTI HAND-ON TRAINING PROGRAM

FEEDBACK FORM

Topic: Biological Electron Microscopy.

Date and Duration of Training: 29AUG-4SEPT, 2022.

Organized by : "ALL INDIA INSTITUTE OF MEDICAL SCIENCE"

Please rate the Programme components on a scale of 10 to 1 (10 indicates 'Excellent/Most Effective' and 1 indicates 'Poor/ Least Effective') wherever necessary.

Table with 11 rows and 12 columns (S. No., Content, Rating 1-10). Contains feedback ratings for various program components.

Other suggestions/observations, if any-

Name of the Participant : Nida Naseem
Gender(M/F) : F
Course/Designation : PHD : Research Scholar (Biotechnology)
University /Institute : AMU
Email id : nidenaseem17@gmail.com
Phone No. : 8218037389

Other suggestions/observations, if any-

Overall Programme is very effective and quite interesting. But few things can be improved that the MIC facility at lecture hall, if proper management of the lectures providing the PDFs or PPTs. Acomodation was too far, 2 hours is getting wasted in travelling, can be improved

Other suggestions/observations, if any-

- More hands-on experiments could be conducted as most of them are demonstration only
- Providing the course material in a proper format
- Some advances topics can be included like cryo EM.

FEEDBACK FORM

Topic: Biological Electron Microscopy.

Date and Duration of Training: 29AUG-4SEPT, 2022.

Organized by : "ALL INDIA INSTITUTE OF MEDICAL SCIENCE"

Please rate the Programme components on a scale of 10 to 1 (10 indicates 'Excellent/Most Effective' and 1 indicates 'Poor/ Least Effective') wherever necessary.

Table with 11 rows and 11 columns (S. No., Content, Rating 1-10). Includes handwritten asterisks in various rating cells.

Other suggestions/observations, if any-

The training program was smoothly conducted. The course modules & agenda was also in unbiased manner and the facilities, staffs & facilities are also supportive. It would be an add-on if we were allowed to bring our own research samples & get a demo result for the samples & its analysis so that we can be more interested to use EM facility in our ongoing research.
