FEEDBACK FORM

Topic: Mapping Molecules with Magnet

Date and Duration of Training: 28th October to 4th November 2022

Organized by: **“Department of Pharmaceutical Chemistry, Jamia Hamdard”**

Please rate the Programme components on a scale of 10 to 1 (10 indicates ‘Excellent/Most Effective’ and 1 indicates ‘Poor/ Least Effective’) wherever necessary.

S. No.	Content	Rating									
		1	2	3	4	5	6	7	8	9	10
1.	Overall grading of the Programme with reference to relevance of course, module/content etc.									✓	
2.	Overall grading of the facilities provided by the institute, i.e., Hostel, Mess, Class, Rooms, Transport/ infrastructure etc.										✓
3.	Overall grading of the faculty members conducting the training										✓
4.	How do you rate the overall training methodology										✓
5.	How far the field visit is relevant and related to your research study									✓	
6.	Usefulness of this training in your current role									✓	
7.	Usefulness of this training in future work/job you may handle										✓
8.	How far have you benefitted from interaction with the fellow participants o the training.									✓	
9.	How far the course material supplied relevant and related to the training curriculum									✓	
10.	Overall grading of the process of training									✓	
11.	Your recommendation to you peers/ colleagues for the training programme									✓	

Other suggestions/observations, if any-

10.	Overall grading of the process of training											✓
11.	Your recommendation to you peers/ colleagues for the training programme											✓

Other suggestions/observations, if any- The overall workshop experience was great. Although, the hands-on sessions were mostly demonstrations of the particular tool/technique. It would be better if participants could do those tasks on their own under supervision. That would have helped more in understanding the topics. But the demonstration in themselves were good and informative.

Table with 11 rows and 12 columns (S. No., Content, Rating 1-10). Contains handwritten checkmarks in the rating columns.

Other suggestions/observations, if any- The training programme was overall a good experience (A++ for food), but I feel you should have limited some lecture sessions and increased time for hands on training / interpretation of spectra.
