Other suggestions/observations, if any-

The training provided by CU Raj was really great, Hospitality & kind behaviour showed by Dr. Umesh gupta sir helped me in adjustment & smooth conduction.
I like the strategy of having one topic covered in full day, for Eg- NMR was explained & focused on with in depth knowledge.

My suggestion for dst & such program is that they should focus on hands on training more & theory part should be covered simultaneously. not Separately.

→ The training session should start from morning so that we could have more time in learning about the Equipment.

Other suggestions/observations, if any- *I think so DLT DTUTI means Hands on training on the various Instruments and technique. So according to my observation, nowadays DLT main focus are not on it in reality. So my suggestion is that should focus more on Hands on experience for the participants*
