

FEEDBACK FORM FOR TRAINING PROGRAM

Title of the Training Programme: *STUTI-21/Instrumental methods of Mater. science*
 Date and Duration of Training: *22nd August to 28th Aug. 2022 at 9.00 AM to 6.00*
 Name of the Institute where Training has been conducted: *Sri Venkateswara University*

Please rate the Programme components on a scale of 10 to 1 (10 indicates 'Excellent/Most Effective' and 1 indicates 'Poor/ Least Effective') wherever necessary.

S. No.	Content	Rating											
		1	2	3	4	5	6	7	8	9	10		
1.	Overall grading of the Programme with reference to relevance of course, module/content etc.											✓	
2.	Overall grading of the facilities provided by the institute, i.e., Hostel, Mess, Class Rooms, Transport/infrastructure etc.												✓
3.	Overall grading of the faculty members conducting the training												✓
4.	How do you rate the overall training methodology											✓	
5.	How far the field visit is relevant and related to your research study											✓	
6.	Usefulness of this training in your current role												
7.	Usefulness of this training in future work/job you may handle												✓
8.	How far have you benefitted from interaction with the fellow participants of the training												✓
9.	How far the course material supplied relevant and related to the training curriculum												✓
10.	Overall grading of the process of training												✓
11.	Your recommendation to your peers/colleagues for the training Programme												✓

Any other suggestions/ observations, if any- *STUTI-21 program was*

very informative and useful for future career. All the professors have delivered very good lectures.

Suggestions: (1) Some important spectroscopic & microscopic methods like, XRD & TEM also includes in (add) in training this program.

(2) We already read theory & principal of instruments so, give more time to handle instruments (experimental parts)

(Name of the Participant)

(Mr. S.R. Shingde)

- Dr. Venkata & Dr. Subbarao are very supportive staff & they have give very & good information to handle experiments.

10.	Overall grading of the process of training												✓
11.	Your recommendation to your peers/colleagues for the training Programme												✓

Any other suggestions/ observations, if any- STUTI-21 program has been very informative for material characterization such as X-ray diffraction, scanning electron microscopy, Fourier Transform Infrared spectroscopy, UV-visible spectroscopy, NMR spectroscopy and many more. This program will be conducted in future because of M.Sc students and newly PhD scholar registered candidate must be compulsory for these feature research and finally one suggestion is ~~the~~ includes other Advanced instrumentation techniques for the research and provide characterisation facility also over all India.

Any other suggestions/ observations, if any- In STUTI-2021 program held at Tirupati, we learn so many things such as NMR Spectroscopy, UV visible Spectroscopy, ICP OES Instrument effectively, also we use learn how to use ultracentrifuge, AFM, Particle size analyzer, Milli Q-Direct 8. Elise, Fluorescence microscope Nano drop thermo very well. The institute should buy more instrument such as SEM, TEM etc. for effective research
