Any other suggestions/ observations, if any-

I appreciate the engantiers to conducting this kind of valuable training program. Personally, the handson training on QPCR techniques, and actus analysis are very much welful for my research work.

The substance who knight in the experiments were so kind even when afterweark multiple awarkon to them. I am very much trankful to the organisms committee.

Any other suggestions/ observations, if anyThe Heroute petrone involved in some specific thainings gave very
detailed instructions to us participants and very good interactive
sections as well.

GCMS and HPLC could have similar level of thaining section as RT-PCR.

Guid include I had a great time and my receased will highly benefit
from what I have learnt here.

Any other suggestions/ observations, if any- Very useful for my skill development. GCMS was really required for my research work, got a crystal clear picture of GCMS technique and sample processing. All other practical sessions were stealy useful. AAS, m RNA isolation and cDNA construction, 9, PCR were really informative sessions. Scholors, Post does, faculties and All others handled their sessions really well.
