## FEEDBACK FORM FOR TRAINING PROGRAM

Title of the Training Programme: STUTI

Date and Duration of Training: 30/11/2022 - 06/12/2022 (One Week)

Name of the Institute where Training has been conducted: NIT WARANGAL

Please rate the Programme components on a scale of 10 to 1 (10 indicates 'Excellent/Most Effective' and 1 indicates 'Poor/ Least Effective') wherever necessary.

S. No.	Content	Rating									
		1	2	3	4	5	6	7	8	9	10
1.	Overall grading of the Programme with reference to relevance of course, module/ content etc.										✓
2.	Overall grading of the facilities provided by the institute, i.e., Hostel, Mess, Class Rooms, Transport/infrastructure etc.										✓
3.	Overall grading of the faculty members conducting the training										✓
4.	How do you rate the overall training methodology										✓
5.	How far the field visit is relevant and related to your research study									✓	
6.	Usefulness of this training in your current role							✓			
7.	Usefulness of this training in future work/job you may handle									✓	
8.	How far have you benefitted from interaction with the fellow participants of the training										✓
9.	How far the course material supplied relevant and related to the training curriculum										✓
10.	Overall grading of the process of training										✓
11.	Your recommendation to your peers/ colleagues for the training Programme										✓

Any other suggestions/ observations, if any- The sessions conducted were excellent and interactive in nature. This helped in getting better knowledge and also since theory sessions were conducted before each hands-on session, it was easier to understand the working, instrumentation etc.

- The duration of program can be extended, so that each instrument can be given more time and individual operation can be done.

11.	Your recommendation to your peers/ colleagues for the training Programme												✓

Any other suggestions/ observations, if any-

Overall it is nice experience & very informative. As we all observe with in one week we get to know about so many equipment & which is little bit difficult due to hectic schedule. Its better for us if its extended for two week. So, that we can learn

in much better way. One more thing as I heard (Name of the Participant)

that we are only allow for once to attend STUTI program. but Every STUTI Program have different equipment or session. I want if possible Please allow us to attend atleast 2.

so, that we get more knowledge, sometimes any research area require more than 1 STUTI session or some <sup>are covered in</sup> session in One STUTI Programme & some in Another.

→ for this its better if Research scholar have full schedule of STUTI-Programme going to be held in 6 month or 12 months, at once. In that way, we easily select which one is beneficial for us & we will apply only for that, as the restriction of attending STUTI is only one.

Any other suggestions/ observations, if any- Basically I am from physics background but most of session are related to organic chemistry, due to this reason I am unable to understand some points. Please selection based on subject area of research. It's really good program. If possible arranged for long duration of time, because in short period we could not able to understand properly and we do not perform hands on training. Thank you! organiser & STUTI.

Any other suggestions/ observations, if any-

One thing what we face in the program that I think is like there should be different different program for chemistry, Physics, Biotechnology field. Because while interacting with the professors they are also mostly from chemistry department and as a physics fellow, some of the doubts are not cleared.

Any other suggestions/ observations, if any- I am fortunate enough and lucky as I selected for this informative and great demonstrative STUTI programme. The programme was sincerely arranged with time bonds, I learnt many new R and D instrumentations. The theory part sessions and PPT provided was great. Hands-on sessions are also good but the thing is some of them needs more time. Accomodation was good. Food they have provided was extremely yummy & healthy and tasty. Overall experience, learning, teaching, taking part experience was Great.

Any other suggestions/ observations, if any- I feel fortunate to be a part of this STUTI programme. It was a such an informative session of handling the instrument and even the theory part was very clear. This program would provide an opportunity for the Research Scholars to go through analysis with a complete knowledge. I will be happy to suggest my co-scholars to apply for (Name of the Participant) M. S. V. Prasantha Chippala this program and I will surely pass on the information regarding the i-STEM. I would like to inform regarding the maintainence facility at the hostel, <sup>which was not upto the mark.</sup> but the food and the hospitality was good.

11.	Your recommendation to your peers/ colleagues for the training Programme												✓

Any other suggestions/ observations, if any- The session was beautifully conducted with theory first and hands on session following it. It helped me in getting a clear idea on how the expt works. The duration of program can be extended so that we could get more exposure, and individual operation could have been done.

10.	Overall grading of the process of training								✓		
11.	Your recommendation to your peers/ colleagues for the training Programme								✓		

Any other suggestions/ observations, if any-

It was very informative but for theory session ~~a~~ more application based objectives should be involved. As most of them have completed Post graduation very basic topic can be avoided. So that focus will be on the research innovation.

Any other suggestions/ observations, if any-

- \* Well equipped programme. \* Facilities were too Good.
- \* Segregation of the participants is very important according to their field of interest.
- \* Theory sessions are too basic need to be improve a lot.
- \* Looking forward for more Women speakers

Shalini B. C  
(Name of the Participant)

P.T. O

\* During these sessions, more application part has to be covered otherwise people who are not from same subject might lose their interest.
