FEEDBACK FORM FOR TRAINING PROGRAM

Title of the Training Programme: A One week training program on Artificial Intelligence and Machine Learn using MATLAB / Python for Engg. & Bio-Medical Application.

Date and Duration of Training: 16th - 22nd August - 2023.

Name of the Institute where Training has been conducted: NIT Warangal, Telangana.

Please rate the Programme components on a scale of 10 to 1 (10 indicates 'Excellent/Most Effective' and 1 indicates 'Poor/ Least Effective') wherever necessary.

S. No.	Content	Rating									
		1	2	3	4	5	6	7	8	9	10
1.	Overall grading of the Programme with reference to relevance of course, module/ content etc.								✓		
2.	Overall grading of the facilities provided by the institute, i.e., Hostel, Mess, Class Rooms, Transport/infrastructure etc.										✓
3.	Overall grading of the faculty members conducting the training									✓	
4.	How do you rate the overall training methodology									✓	
5.	How far the field visit is relevant and related to your research study									✓	
6.	Usefulness of this training in your current role									✓	
7.	Usefulness of this training in future work/job you may handle									✓	
8.	How far have you benefitted from interaction with the fellow participants of the training								✓		
9.	How far the course material supplied relevant and related to the training curriculum									✓	
10.	Overall grading of the process of training									✓	
11.	Your recommendation to your peers/ colleagues for the training Programme									✓	

Any other suggestions/ observations, if any-

please provide the hands on facilities.
for practice.

Any other suggestions/ observations, if any: Allow PG & Ph.D & Faculty Members only a session (UG students are making fun over there they are not serious) Organization was very good.

At program, Some professor presented their work, It is hard to understand beoz we are not from that domain and it is not useful for us too (I asked other participants also). we are here to get trained and learn about AI and ML. but we don't have any prior knowledge in AI & ML. If professors present their work on AI & ML fo us it useless. My heartful thanks to Mr. srinivas, Mr. Farukh sir, and Mr. Amannath pratap rao, I feel that from their sermon I learned something and thanks to the organizers also well organized.
