Lectures were good. Practicals were good but more time on practicals could be better. If the participants are allowed to handle the instruments themselves with more allotted time, the training could have been much fruitful. Nonetheless, with the given time shortage the training was a success. I, thank the organizing committee for such program. Also wish such programs are continued in ~~near~~ future.

Firstly, I would like to give thankful to the Organizing committee and specially for prof. B. Roy Sir and Dhanya Maam for selecting such kind workshop. I got this selection very late so, I have booking the tickets with very high cost. ^{So,} please inform as early as possible for next chance. If you all will give the chance to return some amt. of amount on behalf of Travelling allowance, I will feel more good. and one suggestion more, please organise more such kind of workshop specially based on Molecular work techniques, because I am leaving for the using molecular tech for applying to my work.

Any other suggestions/ observations, if any- The training program conducted by NEHU, Shillong in collaboration with JSS, AHER, Mysuru was a really wonderful and beneficial one for me. I have learned a lot regarding different analytical and imaging techniques which will be going to be helpful for my current research work. The overall goal of attending the program is full-filled.
